

**RUWAIS MARINE SERVICES W.L.L**

# Introduction

**Ruwais Marine Services W.L.L (RMS)** is a Qatari based Company, established in 2010 to serve the Marine & Offshore Industry by providing quality products and services. In RMS our ultimate objective is to become the first choice of our valued customers by offering our services at a short notice and reasonable cost.

RMS offers its valued customers reliable and sustainable solutions for the following industries In Qatar.

- ❖ Oil & Gas
- ❖ Maritime Industry

***Mr. Ghanim Abdullah Al- Khayarin – Chairman of RMS***

Mr. Ghanem is currently an advisor in the Minister of Finance's office. Previously, during his tenure in the public sphere, Mr. Ghanem held several positions, the most important of which were the Director of the Statistics Department and the Director of the Information Systems Department at the Ministry of Finance during the past two decades, and he contributed to treatments for the state's general budget. He also represented the state in a number of international forums, in addition to the tasks he assumed in the partnership of a general nature, representing the government of the State of Qatar. Mr. Al-Khayarin was born in the State of Qatar in 1963. He holds a Bachelor's degree in Information Systems in 1986 from Metropolitan University State College in the United States of America

# A Word from the MD

Since the beginning of our journey, from the time we started building the deep foundations of RMS to the stage that we stand today; we have had many moments of success, disappointments and real challenges that could have put an end to this great journey. However, by having a clear vision and a wonderful team that has always put RMS mission as its first priority, we succeeded in making major progress in growth and continual development of RMS. We are proud to be unique in every service we provide to our prestigious customers and at the same time we are glad that we have the ability to respond quickly to ever-changing market. Being a potential client, new business partner or a stakeholder with RMS means that you will enjoy every moment of being part of our family and part of our journey towards excellence.

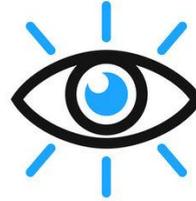

**-Abdulsalam Srour**

# Vision & Mission

- Solutions – Explosion Protection

We offer the following Maintenance Services to the Ports, Marinas and Marine Terminals:-

- ❖ Jetty Accessories (Fenders/ Ladder/Bollards/Others)
- ❖ Piles
- ❖ Quay Structures
- ❖ Marina.
- ❖ VTMS Systems
- ❖ AtoN.
- ❖ Port Building
- ❖ MEP Systems
- ❖ Underwater Structures
- ❖ Slipway.
- ❖ Seabed Cleaning
- ❖ Roads
- ❖ Gates
- ❖ CCTV Cameras and Systems.
- ❖ Fire Fighting.

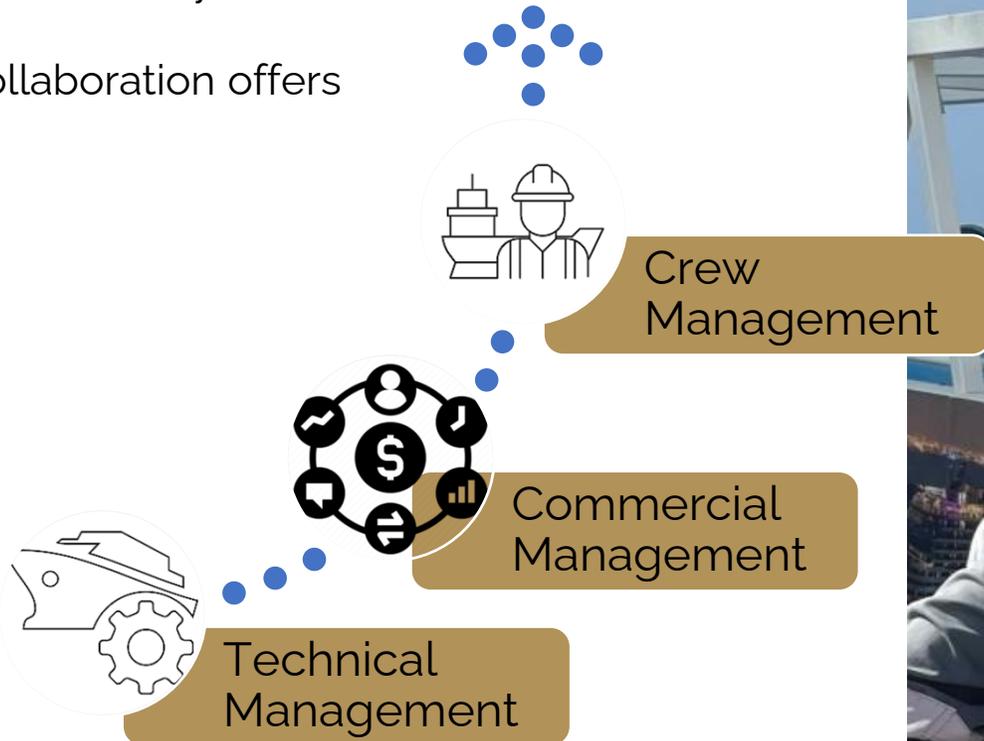

**Why Marine Facility Management ?**

- **Convenience**
- **Professionalism**
- **Extend the Life span**
- **Environmental**
- **Safety and Security**

# Services

Ruwais Marine Services W.L.L (RMS) and Shiplink S.A, (**Shiplink S.A** has a long-standing presence in various maritime and technical services that started back in 1993 with the establishment of SHIPTECH LTD., in Piraeus, Greece), have collaborated together for more than a decade to support the Maritime Industry in Qatar.

The collaboration offers

## Brokerage

Maintaining the highest level of integrity, RMS has developed a client list for both new buildings and the sale and purchase of existing ships.

## Chartering

We bring to chartering our extensive fleet knowledge and network of owners and brokers to identify vessels that are able to serve the required purpose. We can also access other resources to source vessels, such as database of all registered vessels and owners. We present options to our clients to consider, including preliminary commercial terms

Solutions – Explosion Protection

With Collaboration with EXS SYNERGY we offer comprehensive and cost-effective engineered solutions in the supply, installation, third party inspection and maintenance of Electrical and Instrumentation (E&I) equipment, systems and packages in hazardous areas, known as Ex installations, particularly in the Oil, Gas and Petrochemical sector. We Offer;

### ❖ **Explosion Protection (Ex) Solutions and Management**

*Explosion Protection (Ex) compliance services for maximum safety in hazardous areas.*

### ❖ **Electrical, Instrumentation & Control Services**

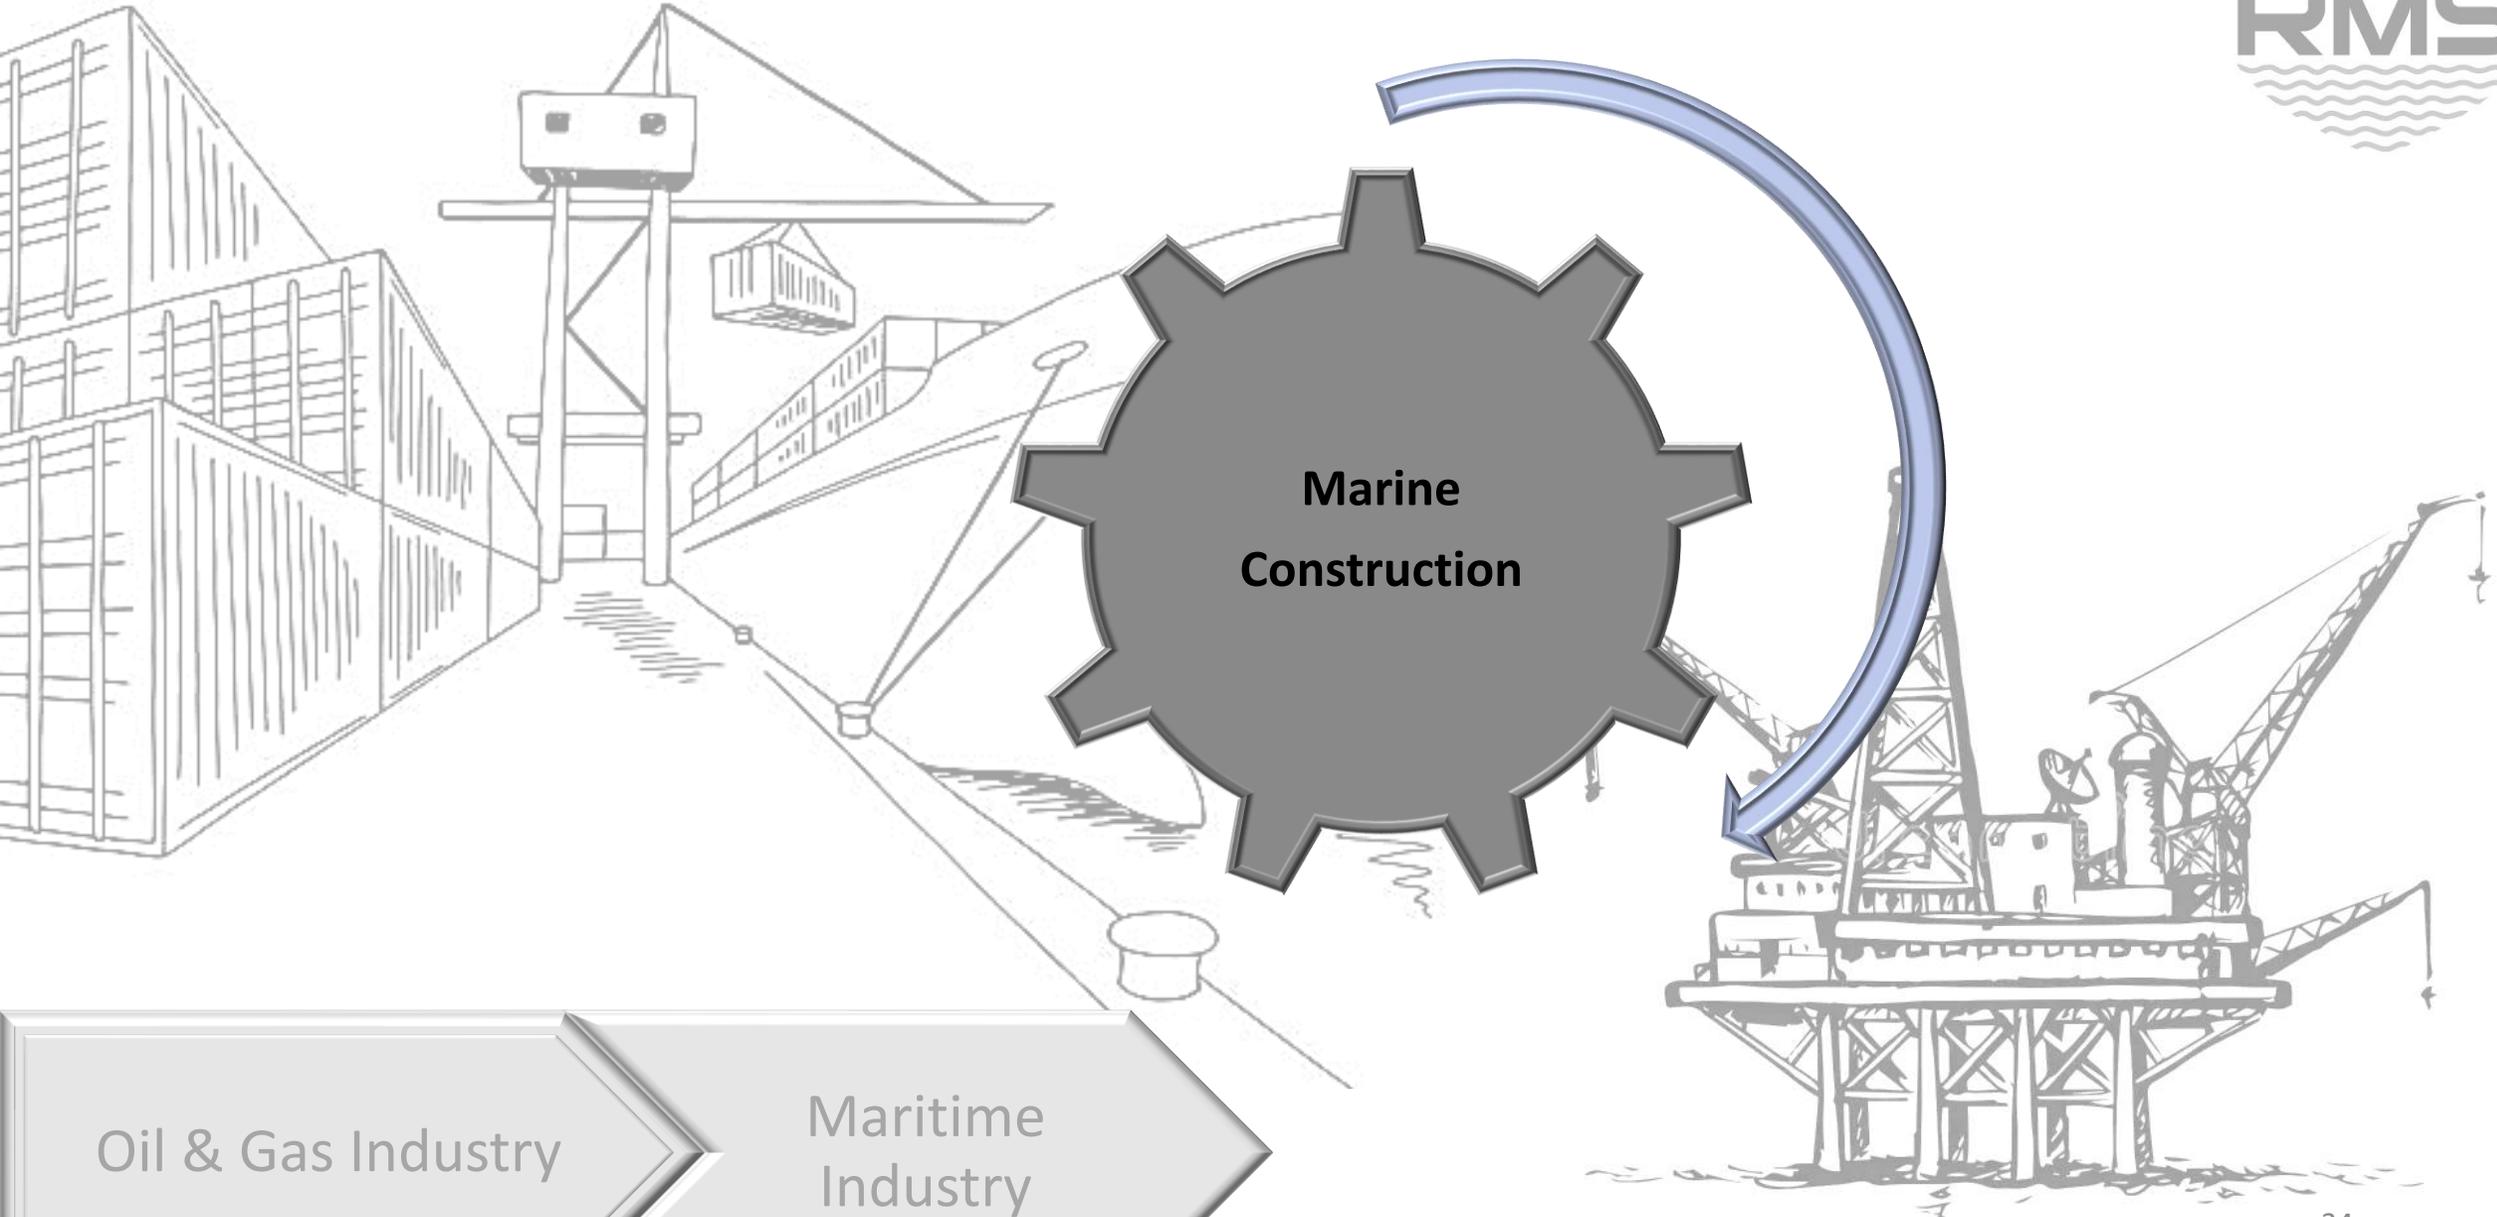

*Electrical, Instrumentation and Control services for the energy industry*

### ❖ **Digital Solutions For Oil And Gas**

*Solutions will help you improve safety, efficiency and reduce cost, especially in hazardous areas. **intellEx™**: Re-Imagining Explosion Protection (Ex) Management.*
